

Towards a new EU policy agenda

Irene Lucius, WWF Danube-
Carpathian Programme

26 September 2016

EEB 2016 Annual Conference, Vienna

Challenges – site management

Challenges – enforcement

Challenges – connectivity loss

What needs to change? Site management

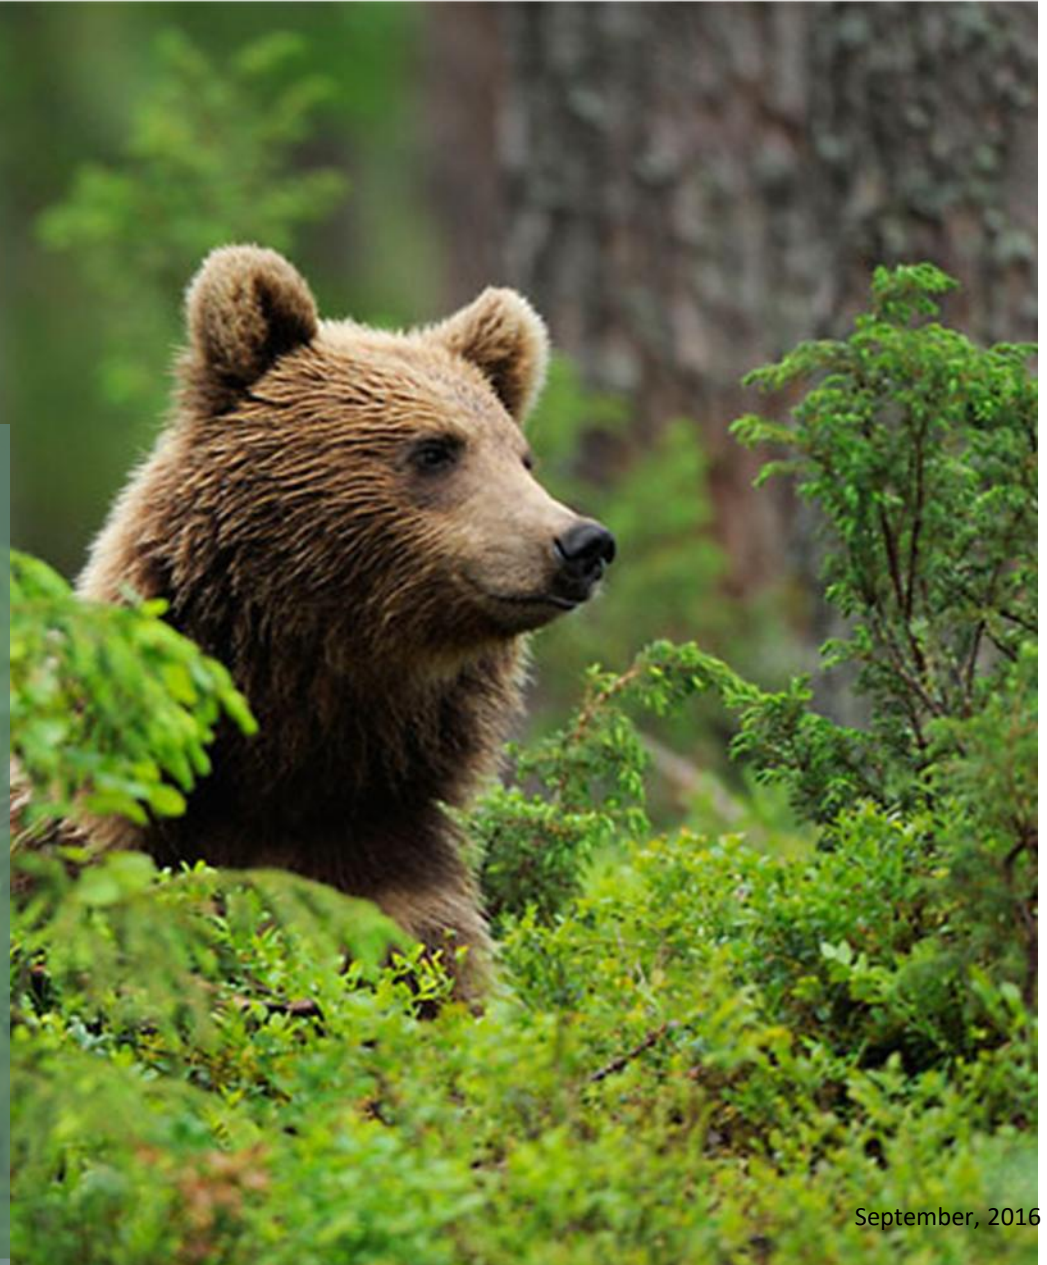

- **Finish designation, define & implement management measures involving stakeholders and based on proper data**
- **Invest resources in monitoring and administrative capacity**

What needs to change? Enforcement

- EU COM enforcement capacity
- Environmental inspection framework
- Better access to justice
- Higher penalties for environmental crime
- Amend Environmental liability directive

What needs to change? Policy integration & funding

- CAP – fitness check and complete overhaul
- Climate and Energy Policy – biodiversity safeguards
- Transport policy – maintain connectivity

What needs to change? Connectivity

- Restoration target 15%
- TEN-G incl. funding instrument

What needs to change? Political will!

Move nature conservation up the policy agenda – EU citizens are ready!

Thank you!

Irene Lucius
